CONTENTS

No. 1 (JANUARY 2004)

Gender difference in the incidence of shingles
Fleming, D. M., Cross, K. W., Cobb, W. A. and Chapman, R. S. 1

Negative impact of clinical misdiagnosis of measles on health workers' confidence in measles vaccine
Helfand, R. F., Chibi, T., Biellik, R., Shearley, A. and Bellini, W. J. 7

Seroprevalence of measles, mumps and rubella antibodies in Luxembourg: results from a national cross-sectional study
Mossong, J., Putz, L. and Schneider, F. 11

Modelling responses to a smallpox epidemic taking into account uncertainty
Legrand, J., Viboud, C., Boelle, P. Y., Valleron, A. J. and Flahault, A. 19

Occupational exposure to hepatitis infection among Turkish nurses: frequency of needle exposure, sharps injuries and vaccination
Kosgeroglu, N., Ayranci, U., Vardareli, E. and Dincer, S. 27

A novel method of oral fluid collection to monitor immunity to common viral infections
Morris-Cunnington, M. C., Edmunds, W. J., Miller, E. and Brown, D. W. G. 35

EHEC outbreak among staff at a children's hospital – use of PCR for verocytotoxin detection and PFGE for epidemiological investigation
Welinder-Olsson, C., Stenqvist, K., Badenfors, M., Brandberg, Å., Florén, K., Holm, M., Holmberg, L., Kjellin, E., Mårild, S., Studahl, A. and Kaijser, B. 43

Variability of *Shigella flexneri* serotypes in Israel during a period of two years: 2000 and 2001
Vasilev, V., Andorn, N., Japheth, R. and Agmon, V. 51

Present characteristics of symptomatic *Entamoeba histolytica* infection in the big cities of Japan
Ohnishi, K., Kato, Y., Imamura, A., Fukayama, M., Tsunoda, T., Sakaue, Y., Sakamoto, M. and Sagara, H. 57

A combined AFLP–multiplex PCR assay for molecular typing of *Escherichia coli* strains using variable bacterial interspersed mosaic elements
Horváth, R., Dendis, M., Schlegelová, J., Růžička, F. and Benedík, J. 61

Duration and magnitude of faecal shedding of Shiga toxin-producing *Escherichia coli* from naturally infected cattle
Widiasih, D. A., Ido, N., Omoe, K., Sugii, S. and Shinagawa, K. 67

Verotoxins in commensal *Escherichia coli* in cattle: the effect of injectable subcutaneous oxytetracycline in addition to in-feed chlortetracycline on prevalence
O'Connor, A. M., Ziebell, K. A., Poppe, C. and McEwen, S. A. 77

***In vitro* studies on the colonization of bovine colonic mucosa by Shiga-toxigenic *Escherichia coli* (STEC)**
Cobbold, R. N. and Desmarchelier, P. M. 87

Relations between the consumption of antimicrobial growth promoters and the occurence of resistance among *Enterococcus faecium* isolated from broilers
Emborg, H.-D., Andersen, J. S., Seyfarth, A. M. and Wegener, H. C. 95

Transmission of *Salmonella* between broiler chickens fed with fermented liquid feed
Heres, L., Urlings, H. A. P., Wagenaar, J. A. and De Jong, M. C. M. 107

Faecal shedding and intestinal colonization *of Salmonella enterica* in in-bred chickens: the effect of host-genetic background
Barrow, P. A., Bumstead, N., Marston, K., Lovell, M. A. and Wigley, P. 117

Estimation of the *Salmonella enterica* prevalence in finishing swine
Hurd, H. S., McKean, J. D., Griffith, R. D. and Rostagno, M. H. 127

Colonization and risk factors for *Brachyspira aalborgi* and *Brachyspira pilosicoli* in humans and dogs on tea estates in Assam, India
Munshi, M. A., Traub, R. J., Robertson, I. D., Mikosza, A. S. J. and Hampson, D. J. 137

Short reports

Surveillance of severe invasive group-G streptococcal infections and molecular typing of the isolates in Japan
Ikebe, T., Murayama, S., Saitoh, K., Yamai, S., Suzuki, R., Isobe, J., Tanaka, D., Katsukawa, C., Tamaru, A., Katayama, A., Fujinaga, Y., Hoashi, K., Watanabe, H. and The Working Group for Streptococci in Japan 145

Mycobacteraemia among HIV-1-infected patients in São Paulo, Brazil: 1995 to 1998
Hadad, D. J., Palaci, M., Pignatari, A. C. C., Lewi, D. S., Machado, M. A. S., Telles, M. A. S., Martins, M. C., Ueki, S. Y. M., Vasconcelos, G. M. and Palhares, M. C. A. 151

Book Review

Multiple Drug Resistant Bacteria 157

No. 2 (April 2004)

Prevalence of *Streptococcus pneumoniae* and *Staphylococcus aureus* nasopharyngeal colonization in healthy children in the United States
Cheng Immergluck, L., Kanungo, S., Schwartz, A., McIntyre, A., Schreckenberger, P. C. and Diaz, P. S. 159

Systemic pneumococcal disease in Norway 1995–2001: capsular serotypes and antimicrobial resistance
Pedersen, M. K., Høiby, E. A., Frøholm, L. O., Hasseltvedt, V., Lermark, G. and Caugant, D. A. 167

Invasive *Streptococcus pneumoniae* isolates from Argentinian children: serotypes, families of pneumococcal surface protein A (PspA) and genetic diversity
Mollerach, M., Regueira, M., Bonofiglio, L., Callejo, R., Pace, J., Di Fabio, J. L., Hollingshead, S., Briles, D. and the *Streptococcus pneumoniae* Working Group 177

Temporal trends in circulating *Bordetella pertussis* strains in Australia
Poynten, M., McIntyre, P. B., Mooi, F. R., Heuvelman, K. J. and Gilbert, G. L. 185

A cluster of leptospirosis cases in canoeists following a competition on the River Liffey
Boland, M., Sayers, G., Coleman, T., Bergin, C., Sheehan, N., Creamer, E., O'Connell, M., Jones, L. and Zochowski, W. 195

Case-control study of risk factors for high within-flock small-ruminant brucellosis prevalence in a brucellosis low-prevalence area
Lithg-Pereira, P. L., Rojo-Vázquez, F. A. and Mainar-Jaime, R. C. 201

Costs of gastroenteritis in The Netherlands
Van Den Brandhof, W. E., De Wit, G. A., De Wit, M. A. S. and Van Duynhoven, Y. T. H. P. 211

Waterborne outbreak of gastroenteritis in a religious summer camp in Norway, 2002
Nygård, K., Void, L., Halvorsen, E., Bringeland, E., Røttingen, J. A. and Aavitsland, P. 223

Faecal contamination indicators, salmonella, vibrio and aeromonas in water used for the irrigation of agricultural products
Pianetti, A., Sabatini, L., Bruscolini, F., Chiaverini, F. and Cecchetti, G. 231

Bacteria–host interactions of *Salmonella* Paratyphi B dT$^+$ in poultry
Van Immerseel, F., Meulemans, L., De Buck, J., Pasmans, F., Velge, P., Bottreau, E., Haesebrouck, F. and Ducatelle, R. 239

Antibiotic resistance in *Salmonella enterica* serotypes Typhimurium, Enteritidis and Infantis from human infections, foodstuffs and farm animals in Italy
Busani, L., Graziani, C., Battisti, A., Franco, A., Ricci, A., Vio, D., Digiannatale, E., Paterlini, F., D'Incau, M., Owczarek, S., Caprioli, A. and Luzzi, I. 245

Molecular epidemiology and population genetics of *Salmonella* subspecies *diarizonae* in sheep in Norway and Sweden
Alvseike, O., Vardund, T., Lindstedt, B., Heir, E., Eriksson, E. and Kapperud, G. 253

Molecular characterization of *Salmonella enterica* subsp. *enterica* serovar Typhimurium DT1 isolates
Lindqvist, N., Heinikainen, S., Siitonen, A. and Peikonen, S. 263

***Salmonella enterica* serotype Javiana infections associated with amphibian contact, Mississippi, 2001**
Srikantiah, P., Lay, J. C., Hand, S., Crump, J. A., Campbell, J., Van Duyne, M. S., Bishop, R., Middendor, R., Currier, M., Mead, P. S. and Mølbak, K. 273

***Escherichia coli* O157:H7 outbreak linked to salami, British Columbia, Canada, 1999**
MacDonald, D. M., Fyfe, M., Paccagnella, A., Trinidad, A., Louie, K. and Patrick, D. 283

Estimation of the basic reproduction ratio (R_0) for Shiga toxin-producing *Escherichia coli* O157:H7 (STEC O157) in beef calves
Laegreid, W. W. and Keen, J. E. 291
A diagnostic strategy to determine the Shiga toxin-producing *Escherichia coli* O157 status of pens of feedlot cattle
Smith, D. R., Gray, J. T., Moxley, R. A., Younts-Dahl, S. M., Blackford, M. P., Hinkley, S., Hungerford, L. L., Milton, C. T. and Klopfenstein, T. J. 297
Molecular epidemiology of *Shigella flexneri* in a diarrhoea-endemic area of Lima, Peru
Fernandez-Prada, C. M., Venkatesan, M. M., Franco, A. A., Lanata, C. F., Sack, R. B., Hartman, A. B. and Spira, W. 303
Association between environmental risk factors and campylobacter infections in Sweden
Nygård, K., Andersson, Y., Røttingen, J. A., Svensson, Å., Lindbäck, J., Kistemann, T. and Giesecke, J. 317
Risk factors for *Helicobacter pylori* infection in children: is education a main determinant?
Moreira Jr, E. D., Santos, R. S., Nassri, V. B., Reis, A. T., Guerra, A. L., Alcântara, A. P. G., Matos, J. F., Carvalho, W. A., Moura, C. G. G., Silvani, C. S. and Sant'Ana, C. S. 327
An epidemic of rotavirus diarrhoea in Jawhar Taluk, Thane district, Maharashtra, India, December 2000–January 2001
Kelkar, S. D., Ray, P. G. and Shinde, D. N. 337
Molecular characterization of the genotype G9 human rotavirus strains recovered in Palermo, Italy, during the winter of 1999–2000
Arista, S., Giammanco, G. M., De Grazia, S., Migliore, M. C., Martella, V. and Cascio, A. 343
A seroprevalence study of poliovirus antibody among primary schoolchildren in Korea
Jee, Y. M., Cheon, D. S., Kim, K. S., Lee, S. H., Yoon, J. D., Lee, S. W., Go, U., Yang, B. K., Ki, M. R., Choi, B. Y. and Cho, H. W. 351
Retrospective characterization of Newcastle Disease Virus Antrim '73 in relation to other epidemics, past and present
O'Donoghue, K., Lomniczi, B., McFerran, B., Connor, T. J., Seal, B., King, D., Banks, J., Manvell, R., White, P. S., Richmond, K., Jackson, P. and Hugh-Jones, M. 357
Descriptive study of an avian pox outbreak in wild red-legged partridges (*Alectoris rufa*) in Spain
Buenestado, F., Gortázar, C., Millán, J., Höfle, U. and Villafuerte, R. 369

Short Report
Genetic diversity of *Streptococcus agalactiae* strains colonizing the same pregnant woman
Pérez-Ruiz, M., Rodríguez-Granger, J. M., Bautista-Marín, M. F., Romero-Noguera, J. and Rosa-Fraile, M. 375

Book Review
MRSA: Current Perspectives 379

No. 3 (JUNE 2004)

Review Article
Pityriasis rosea – evidence for and against an infectious aetiology
Chuh, A., Chan, H. and Zawar, V. 381

Mumps and rubella: a year of enhanced surveillance and laboratory testing
Guy, R. J., Andrews, R. M., Kelly, H. A., Leydon, J. A., Riddell, M. A., Lambert, S. B. and Catton, M. G. 391
Amino-acid change on the antigenic region B1 of H3 haemagglutinin may be a trigger for the emergence of drift strain of influenza A virus
Sato, K., Morishita, T., Nobusawa, E., Tonegawa, K., Sakae, K., Nakajima, S. and Nakajima, K. 399

Short Report
Hospitalized patients with bacterial infections: a potential focus of SARS transmission during an outbreak
Wilder-Smith, A., Green, J. A. and Paton, N. I. 407

The prevalence and the risk behaviours associated with the transmission of hepatitis C virus in Australian correctional facilities
Hellard, M. E., Hocking, J. S. and Crofts, N. 409
Legionnaires' disease in Europe 2000–2002
Joseph, C. A. 417
Incidence and molecular typing of *Mycobacterium kansasii* in a defined geographical area in Catalonia, Spain
Santin, M., Alcaide, F., Benitez, M. A., Salazar, A., Ardanuy, C., Podzamczer, D., Rufi, G., Dorca, J., Martin, R. and Gudiol, F. 425
Estimating the transmission parameters of pneumococcal carriage in households
Melegaro, A., Gay, N. J. and Medley, G. F. 433
The effect of temperature on food poisoning: a time-series analysis of salmonellosis in ten European countries
Kovats, R. S., Edwards, S. J., Hajat, S., Armstrong, B. G., Ebi, K. L., Menne, B. and The Collaborating Group 443
An epidemic of gastroenteritis and mild necrotizing enterocolitis in two neonatal units of a University Hospital in Rome, Italy
Faustini, A., Forastiere, F., Giorgi Rossi, P. and Perucci, C. A. 455
Disease burden in The Netherlands due to infections with Shiga toxin-producing *Escherichia coli* O157
Havelaar, A. H., Van Duynhoven, Y. T. H. P., Nauta, M. J., Bouwknegt, M., Heuvelink, A. E., De Wit, G. A., Nieuwenhuizen, M. G. M. and van de Kar, N. C. A. J. 467
Risk factors for *Salmonella* Typhimurium DT104 and non-DT104 infection: a Canadian multi-provincial case-control study
Doré, K., Buxton, J., Henry, B., Pollari, F., Middleton, D., Fyfe, M., Ahmed, R., Michel, P., King, A., Tinga, C., Wilson, J. B. and The Multi-Provincial *Salmonella* Typhimurium Case-Control Study Steering Committee 485
GIS-supported investigation of human EHEC and cattle VTEC O157 infections in Sweden: geographical distribution, spatial variation and possible risk factors
Kistemann, T., Zimmer, S., Vågsholm, I. and Andersson, Y. 495
Epidemiological and molecular evidence of a monophyletic infection with *Staphylococcus aureus* causing a purulent dermatitis in a dairy farmer and multiple cases of mastitis in his cows
Grinberg, A., Hittman, A., Leyland, M., Rogers L. and Le Quesne, B. 507
Temporal dynamics of rabies in a wildlife host and the risk of cross-species transmission
Gordon, E. R., Curns, A. T., Krebs, J. W., Rupprecht, C. E., Real, L. A. and Childs, J. E. 515
A first molecular epidemiological study of SAT-2 type foot-and-mouth disease viruses in West Africa
Sangaré, O., Bastos, A. D. S., Venter, E. H. and Vosloo, W. 525
Importance of screening household members of acute brucellosis cases in endemic areas
Almuneef, M. A., Memish, Z. A., Balkhy, H. H., Alotaibi, B., Algoda, S., Abbas, M. and Alsubaie, S. 533
Duration of the IgM response in women acquiring *Toxoplasma gondii* during pregnancy: implications for clinical practice and cross-sectional incidence studies
Gras, L., Gilbert, R. E., Wallon, M., Peyron, F. and Cortina-Borja, M. 541
Rapid field test for detection of hantavirus antibodies in rodents
Sirola, H., Kallio, E. R. K., Koistinen, V., Kuronen, I., Lundkvist, Å., Vaheri, A., Vapalahti, O., Henttonen, H. and Närvänen, A. 549
Epidemiology of rabbit haemorrhagic disease virus in the United Kingdom: evidence for seasonal transmission by both virulent and avirulent modes of infection
White, P. J., Trout, R. C., Moss, S. R., Desai, A., Armesto, M., Forrester, N. L., Gould, E. A. and Hudson, P. J. 555

Book Reviews
Modern Medical Statistics 569
Adaptive Dynamics of Infectious Diseases 569

No. 4 (August 2004)

An outbreak due to peanuts in their shell caused by *Salmonella enterica* serotypes Stanley and Newport – sharing molecular information to solve international outbreaks
Kirk, M. D., Little, C. L., Lem, M., Fyfe, M., Genobile, D., Tan, A., Threlfall, J., Paccagnella, A., Lightfoot, D., Lyi, H., McIntyre, L., Ward, L., Brown, D. J., Surnam, S. and Fisher, I. S. T. 571

Epidemiological features of a newly described serotype of *Shigella boydii*
Kalluri, P., Cummings, K. C., Abbott, S., Malcolm, G. B., Hutcheson, K., Beall, A., Joyce, K., Polyak, C., Woodward, D., Caldeira, R., Rodgers, F., Mintz, E. D. and Strockbine, N. 579

Human campylobacteriosis in Scotland: seasonality, regional trends and bursts of infection
Miller, G., Dunn, G. M., Smith-Palmer, A., Ogden, I. D. and Strachan, N. J. C. 585

Drug susceptibility and its genetic basis in epidemic *Vibrio cholerae* O1 in Vietnam
Ehara, M., Nguyen, B. M., Nguyen, D. T., Toma, C., Higa, N. and Iwanaga, M. 595

Dietary intake and domestic food preparation and handling as risk factors for gastroenteritis: a case-control study
Mitakakis, T. Z., Wolfe, R., Sinclair, M. I., Fairley, C. K., Leder, K. and Hellard, M. E. 601

Magnitude and distribution of acute, self-reported gastro intestinal illness in a Canadian community
Majowicz, S. E., Doré, K., Flint, J. A., Edge, V. L., Read, S., Buffett, M. C., McEwen, S., McNab, W. B., Stacey, D., Sockett, P. and Wilson, J. B. 607

Surveillance of childhood diarrhoeal disease in Hong Kong, using standardized hospital discharge data
Nelson, E. A. S., Tam, J. S., Yu, L. M., Glass, R. I., Parashar, U. D. and Fok, T. F. 619

Biological characterization of *Aeromonas* spp. isolated from the environment
Rahim, Z., Khan, S. I. and Chopra, A. K. 627

Re-emergence of meningococcal disease in Taiwan: circulation of domestic clones of *Neisseria meningitidis* in the 2001 outbreak
Hsueh, P.-R., Teng, L.-J., Lin, T.-Y., Chen, K.-T., Hsu, H.-M., Twu, S.-J., Ho, S.-W. and Luh, K.-T. 637

Aetiology and prognosis of bacteraemia in Italy
Panceri, M. L., Vegni, F. E., Goglio, A., Manisco, A., Tambini, R., Lizioli, A., Porretta, A. D. and Privitera, G. 647

Prevalence and determinants of nasal colonization with antibiotic-resistant *Staphylococcus aureus* among unselected patients attending general practitioners in Germany
Lietzau, S., Stürmer, T., Erb, A., Von Baum, H., Marre, R. and Brenner, H. 655

A unique strain *Leptospira* isolated from a patient with pulmonary haemorrhages in the Andaman Islands: a proposal of serovar portblairi of serogroup Sehgali
Vijayachari, P., Hartskeerl, R. A., Sharma, S., Natarajaseenivasan, K., Roy, S., Terpstra, W. J. and Sehgal, S. C. 663

The effect of heterogeneity in measles vaccination on population immunity
Glass, K., Kappey, J. and Grenfell, B. T. 675

Increase of immunity to rubella and interruption of rubella transmission in Gipuzkoa (Basque Country, Spain) after an enhanced vaccination programme
Cilia, G., Dorronsoro, M., Sáenz-Domínguez, J. R., Serrano, E. and Pérez-Trallero, E. 685

HIV-1 subtype in Scotland: the establishment of a national surveillance system
Yirrell, D. L., Shaw, L., Burns, S. M., Cameron, S. O., Quigg, M., Campbell, E. and Goldberg, D. 693

Incidence and risk factors of HCV and HIV infections in a cohort of intravenous drug users in the North and East of France
Lucidarme, D., Bruandet, A., Ilef, D., Harbonnier, J., Jacob, C., Decoster, A., Delamare, C., Cyran, C., Van Hoenacker, A.-F., Frémaux, D., Josse, P., Emmanuelli, J., Le Strat, Y., Desenclos, J.-C. and Filoche, B. 699

Characterization of antigenically and genetically similar influenza C viruses isolated in Japan during the 1999–2000 season
Matsuzaki, Y., Takao, S., Shimada, S., Mizuta, K., Sugawara, K., Takashita, E., Muraki, Y., Hongo, S. and Nishimura, H. 709

Epidemics of two Victoria and Yamagata influenza B lineages in Yamagata, Japan
Mizuta, K., Itagaki, T., Abiko, C., Murata, T., Takahashi, T. and Murayama, S. 721

SARS preventive and risk behaviours of Hong Kong air travellers
Lau, J. T. F., Yang, X., Tsui, H., Pang, E. and Kim, J. H. 727
Wading pool water contaminated with both noroviruses and astroviruses as the source of a gastroenteritis outbreak
Maunula, L., Kalso, S., Von Bonsdorff, C.-H. and Pönkä, A. 737
Group B rotaviruses similar to strain CAL-1, have been circulating in Western India since 1993
Kelkar, S. D. and Zade, J. K. 745
A scrapie epidemic in Cyprus
Gravenor, M. B., Papasozomenos, P., McLean, A. R. and Neophytou, G. 751

Short Reports
E-mail surveys assist investigation and response: a university conjunctivitis outbreak
Passaro, D. J., Scott, M. and Dworkin, M. S. 761
Long-term impact of vaccination on *Haemophilus influenzae* type b (Hib) carriage in the United Kingdom
McVernon, J., Howard, A. J., Slack, M. P. E. and Ramsay, M. E. 765
Nationwide survey of human *Listeria monocytogenes* infection in Japan
Okutani, A., Okada, Y., Yamamoto, S. and Igimi, S. 769
***Shigella* serotypes among hospitalized patients in urban Bangladesh and their antimicrobial resistance**
Khan, A. I., Huq, S., Malek, M. A., Hossain, M. I., Talukder, K. A., Faruque, A. S. G., Salam, M. A. and Sack, D. A. 773

No. 5 (October 2004)

Editorial
Protecting investments in polio eradication: the past, present and future of surveillance for acute flaccid paralysis
Heyman, D. L., De Gourville, E. M. and Aylward, R. B. 779

Review Article
The epidemiology of the outbreak of severe acute respiratory syndrome (SARS) in Hong Kong – what we do know and what we don't
Yu, I. T. S. and Sung, J. J. Y. 781

Assessment of areas at increased risk for poliovirus circulation in Ecuador
Dayan, G. H., Rodríguez, R., Vinjé, J., Vásconez, N., Cáceres, V., Gregoricus, N., Sobsey, M. and Landaverde, M. 787
Factors associated with transmission of severe acute respiratory syndrome among health-care workers in Singapore
Teleman, M. D., Boudville, I. C., Heng, B. H., Zhu, D. and Leo, Y. S. 797
A syphilis outbreak in remote Australia: epidemiology and strategies for control
Mak, D. B., Johnson, G. H. and Plant, A. J. 805
Preliminary report on the northern Australian melioidosis environmental surveillance project
Inglis, T. J. J., Foster, N. F., Gal, D., Powell, K., Mayo, M., Norton, R. and Currie, B. J. 813
Factors influencing length of hospital stay in community-acquired pneumonia: a study in 27 community hospitals
Cabre, M., Bolivar, I., Pera, G., Pallares, R. and the Pneumonia Study Collaborative Group 821
Carriage of capsulated strains of *Staphylococcus aureus*: a population-based study performed in Gulbarga, South India
Paul-Satyseela, M., van Belkum, A., Shivannavar, C. T. and Gaddad, S. M. 831
Population-based Toxoplasma seroprevalence study in The Netherlands
Kortbeek, L. M., De Melker, H. E., Veldhuijzen, I. K. and Conyn-Van Spaendonck, M. A. E. 839
Seroprevalence and some correlates of *Helicobacter pylori* at adult ages in Gülveren Health District, Ankara, Turkey
Akin, L., Tezcan, S., Hascelik, G. and Cakir, B. 847

Seroprevalence of IgG against conformational and linear capsid antigens of parvovirus B19 in Italian blood donors
Manaresi, E., Gallinella, G., Morselli Labate, A. M., Zucchelli, P., Zaccarelli, D., Ambretti, S., Delbarba, S., Zerbini, M. and Musiani, M. 857

Risk factors for transmission of foodborne illness in restaurants and street vendors in Jakarta, Indonesia
Vollaard, A. M., Ali, S., van Asten, H. A. G. H., Suhariah Ismid, I., Widjaja, S., Visser, L. G., Surjadi, Ch. and van Dissel, J. T. 863

***Salmonella* Enteritidis outbreak associated with a school-lunch dessert: cross-contamination and a long incubation period, Japan, 2001**
Matsui, T., Suzuki, S., Takahashi, H., Ohyama, T., Kobayashi, J., Izumiya, H., Watanabe, H., Kasuga, F., Kijima, H., Shibata, K. and Okabe, N. 873

Outbreak of *Salmonella* Goldcoast infections linked to consumption of fermented sausage, Germany 2001
Bremer, V., Leitmeyer, K., Jensen, E., Metzel, U., Meczulat, H., Weise, E., Werber, D., Tschaepe, H., Kreienbrock, L., Glaser, S. and Ammon, A. 881

Outbreak of *Salmonella* Livingstone infection in Norway and Sweden due to contaminated processed fish products
Guerin, P. J., De Jong, B., Heir, E., Hasseltvedt, V., Kapperud, G., Styrmo, K., Gondrosen, B., Lassen, J., Andersson, Y. and Aavitsland, P. 889

***Salmonella* bacteriuria: an increasing entity in elderly women in the United States**
Sivapalasingam, S., Hoekstra, R. M., McQuiston, J. R., Fields, P. I. and Tauxe, R. V. 897

A European longitudinal study in *Salmonella* seronegative-and seropositive-classified finishing pig herds
Lo Fo Wong, D. M. A., Dahl, J., Wingstrand, A., van der Wolf, P. J., von Altrock, A. and Thorberg, B. M. 903

Asymptomatic carriage of verocytotoxin-producing *Escherichia coli* O157 in farm workers in Northern Italy
Silvestro, L., Caputo, M., Blancato, S., Decastelli, L., Fioravanti, A., Tozzoli, R., Morabito, S. and Caprioli, A. 915

Molecular epidemiology of catheter-related bloodstream infections caused by coagulase-negative staphylococci in haematological patients with neutropenia
Müller-Premru, M. and Černelč, P. 921

A stochastic model of vaccine trials for endemic infections using group randomization
Riggs, T. W. and Koopman, J. S. 927

Risk of fatal adverse events associated with 17DD yellow fever vaccine
Struchiner, C. J., Luz, P. M., Dourado, I., Sato, H. K., Aguiar, S. G., Ribeiro, J. G. L., Soares, R. C. R. and Codeço, C. T. 939

Modelling transmission, immunity and disease of *Haemophilus influenzae* type b in a structured population
Auranen, K., Eichner, M., Leino, T., Takala, A. K., Mäkelä, P. H. and Takala, T. 947

Indirect protection obtained by *Haemophilus influenzae* type b vaccination: analysis in a structured population model
Leino, T., Takala, T., Auranen, K., Mäkelä, P. H. and Takala, A. K. 959

Determinants of the geographical distribution of endemic giardiasis in Ontario, Canada: a spatial modelling approach
Odoi, A., Martin, S. W., Michel, P., Holt, J., Middleton, D. and Wilson, J. 967

Association between *Chlamydia trachomatis* antibodies and subfertility in the Northern Finland Birth Cohort 1966 (NFBC 1966), at the age of 31 years
Karinen, L., Pouta, A., Hartikainen, A.-L., Bloigu, A., Paldanius, M., Leinonen, M., Saikku, P. and Järvelin, M.-R. 977

Genetic diversity and antibiotic resistance of clinical and environmental *Vibrio cholerae* suggests that many serogroups are reservoirs of resistance
Campos, L. C., Zahner, V., Avelar, K. E. S., Alves, R. M., Pereira, D. S. G., Vital Brazil, J. M., Freitas, F. S., Salles, C. A. and Karaolis, D. K. R. 985

Short Report
***Vibrio vulnificus* septicaemia in Japan: an estimated number of infections and physicians' knowledge of the syndrome**
Osaka, K., Komatsuzaki, M., Takahashi, H., Sakano, S. and Okabe, N. 993

Correspondence 977

Review Article
Declining hepatitis A seroprevalence: a global review and analysis
Jacobsen, K. H. and Koopman, J. S. 1005

Blood invasiveness of *Salmonella enterica* as a function of age and serotype
Weinberger, M., Andorn, N., Agmon, V., Cohen, D., Shohat, T. and Pitlik, S. D. 1023

Heterophils isolated from chickens resistant to extra-intestinal *Salmonella enteritidis* infection express higher levels of pro-inflammatory cytokine mRNA following infection than heterophils from susceptible chickens
Ferro, P. J., Swaggerty, C. L., Kaiser, P., Pevzner, I. Y. and Kogut, M. H. 1029

Estimating transmission parameters of F4+ *E. coli* for F4-receptor-positive and -negative piglets: one-to-one transmission experiment
Geenen, P. L., Van der Meulen, J., Bouma, A. and De Jong, M. C. M. 1039

Antimicrobial resistance of *Shigella flexneri* serotypes in Israel during a period of three years: 2000–2002
Vasilev, V., Japheth, R., Yishai, R. and Andorn, N. 1049

The cost-effectiveness of ivermectin *vs.* albendazole in the presumptive treatment of strongyloidiasis in immigrants to the United States
Muennig, P., Pallin, D., Challah, C. and Khan, K. 1055

Spatial analysis of the distribution of intestinal nematode infections in Uganda
Brooker, S., Kabatereine, N. B., Tukahebwa, E. M. and Kazibwe, F. 1065

The influence of competition and vaccination on the coexistence of two pneumococcal serotypes
Zhang, Y., Auranen, K. and Eichner, M. 1073

Invasive group B streptococcal disease in infants: a 19-year nationwide study. Serotype distribution, incidence and recurrent infection
Ekelund, K. and Konradsen, H. B. 1083

The prevalence and source of methicillin-resistant *Staphylococcus aureus* (MRSA) in the community in Hong Kong
O'Donoghue, M. M. and Boost, M. V. 1091

Explaining risk factors for drug-resistant tuberculosis in England and Wales: contribution of primary and secondary drug resistance
Conaty, S. J., Hayward, A. C., Story, A., Glynn, J. R., Drobniewski, F. A. and Watson, J. M. 1099

Epidemiological features and clinical manifestations in 469 adult patients with brucellosis in Babol, Northern Iran
Roushan, M. R. H., Mohrez, M., Gangi, S. M. S., Amiri, M. J. S. and Hajiahmadi, M. 1109

Leptospirosis among schoolchildren of the Andaman & Nicobar Islands, India: low levels of morbidity and mortality among pre-exposed children during an epidemic
Vijayachari, P., Sugunan, A. P., Murhekar, M. V., Sharma, S. and Sehgal, S.C. 1115

Seroprevalence and force of infection of varicella-zoster virus in Luxembourg
Mossong, J., Putz, L. and Schneider, F. 1121

Seroprevalence of antibody to varicella zoster virus in England and Wales in children and young adults
Vyse, A. J., Gay, N. J., Hesketh, L. M., Morgan-Capner, P. and Miller, E. 1129

Seroepidemiology of varicella-zoster virus antibodies among health-care workers and day-care-centre workers
Lerman, Y., Chodick, G., Tepper, S., Livni, G. and Ashkenazi, S. 1135

Definition and estimation of an actual reproduction number describing past infectious disease transmission: application to HIV epidemics among homosexual men in Denmark, Norway and Sweden
Amundsen, E. J., Stigum, H., Røttingen, J.-A. and Aalen, O. O. 1139
Past it? HIV and older people in England, Wales and Northern Ireland
Dougan, S., Payne, L. J. C., Brown, A. E., Evans, B. G. and Gill, O. N. 1151
Parvovirus B19 viraemia in Dutch blood donors
Zaaijer, H. L., Koppelman, M. H. G. M. and Farrington, C. P. 1161
Influenza and pneumonia hospitalizations in Ontario: a time-series analysis
Crighton, E. J., Moineddin, R., Mamdani, M. and Upshur, R. E. G. 1167
A one-year survey of candidemia in Belgium in 2002
Swinne, D., Watelle, M., Suetens, C., Mertens, K., Fonteyne, P.-A. and Nolard, N. 1175

Short Reports
Prevalence of *Escherichia coli* and *Salmonella* spp. in street-vended food of open markets (*tianguis*) and general hygienic and trading practices in Mexico City
Estrada-Garcia, T., Lopez-Saucedo, C., Zamarripa-Ayala, B., Thompson, M. R., Gutierrez-Cogco, L., Mancera-Martinez, A. and Escobar-Gutierrez, A. 1181
Identification of *Helicobacter pylori* DNA in Iranian patients with gallstones
Farshad, SH., Alborzi, A., Hosseini, S. A. M., Oboodi, B., Rasouli, M., Japoni, A. and Nasiri, J. 1185
Low socioeconomic status and risk for infection with Human Herpesvirus 8 among HIV-1 negative, South African black cancer patients
Wojcicki, J. M., Newton, R., Urban, MI., Stein, L., Hale, M., Patel, M., Ruff, P., Sur, R., Bourboulia, D. and Sitas, F. 1191
